

I have to say that I've stayed at some very beautiful places in my life but this was much more than I expected....

Although we had seen the pictures we really were not sure what to expect, I was a little worried since I had gone over everyone's budget when renting with you, and I really hoped that everyone would be ok with it...

Well let me tell you that my guests were over the moon... No one was expecting such a beautiful chalet, and so well maintained! It was so well groomed we felt as though we were in a hotel... the kids were so happy... they got to see deer at the doorstep, my birthday Gala was a big hit!

We took so many pictures that when I showed them to friends yesterday at the office, The President of my company asked for me to forward me all info so that he may look into renting it for his family...

I thank you so much for all your help with making it all that it was!!! I have attached a few pictures!

Please forward our thanks to the owners!

Thanks again!!!

Maria C.... Chalet River Lodge – July 24- 26 – 2009

Just wanted to say we all had a wonderful weekend at the Chalet - it was really beautiful and we are already thinking of when we could come back again. Many thanks.

The home theatre was a really big hit, as was the overall cozy feel of the chalet. Really beautiful decor all around....

Cheers,

Sindura – October 23 – 25 - 2009
